Actively listening

Make assumptionsMake judgements

Use all of the resources available to you.

Play to your strengths.

Deliberately take risks and allow yourself to be vulnerable.

Growth mindset: remember the power of the word, "Yet!" Reframe failure as an opportunity to learn.

You get out of active learning activities what you put into them. If you believe that active learning sessions are a waste of time, they will be. Conversely, if you engage, trust the process, and have fun, you will learn and grow.
